

# Empowering everyone to **take better notes**

The #1 note taking solution for independent learning and increased productivity that works online or offline, on any device.

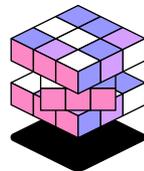

## Taking notes is hard:

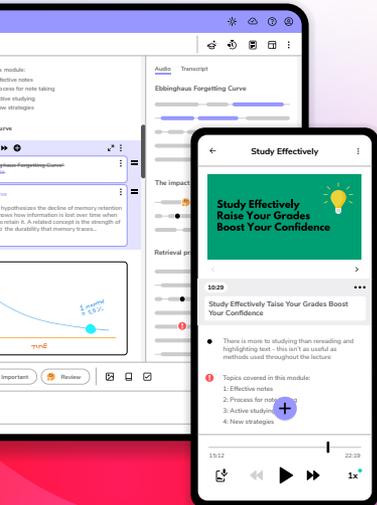

It's hard to listen, watch, think, and note everything down **at the same time**

If you miss any important information, you can't create **useful resources**

Full recordings and transcripts are **frustrating** to work from

## Genio Notes fixes this problem

### ▶ **Capture everything**

Record classes and meetings, import slides or PDFs and engage in the moment, without missing a thing.

### ▶ **Organise your content**

Add typed or handwritten notes, labels, headings, images, and hand-drawn diagrams in a flexible and easy-to-use workspace.

### ▶ **Refine your notes**

Play back recordings at your pace, create transcripts and Outlines, and add extra notes, definitions and tasks.

### ▶ **Apply your knowledge**

Generate quizzes to test your knowledge, focus in Reading View, or export them out of Genio Notes.

# Why choose Genio Notes?

Because it really works! Here are the results from our latest user survey:

**84%** said that using Genio has helped them to achieve better grades

**85%** said that using Genio has helped them become a more confident learner

**91%** said that using Genio helps them better manage information overload

## How can I get Genio Notes?
